

The „welcome@uos“ tandem program is looking for YOU!

Register now for the winter semester 2021/22, meet new people and join exciting group activities!

The “welcome@uos” tandem program is looking for participants for the 2021/22 winter semester. We are a student initiative looking to support refugees on their way to Osnabrück University. The tandem program is a low-key offer that enables refugee students and guest auditors to get to know the German university system and to come into contact with other students. This is made possible through the exchange with experienced students who can join the program as mentors. Please note that the program is not a language tandem, but an offer to help people with little to no experience in the German university system.

Who can join the program?

Refugee students and guest auditors as well as students with experience at Osnabrück university can register until **01.10.2021!** If you are new to Osnabrück university and are looking for support, or if you are a person willing to offer that support, then you have come to the right place!

What's the tandem all about?

- Private meetings with your tandem partner,
- Monthly group activities,
- Workshops and other events.

When does the tandem program take place?

The tandem program runs over the entire winter semester 2021/22. We are monitoring the developments concerning COVID19 and have prepared both in-person and remote elements for you!

We will start the program with a preparatory seminar that will take place on the weekend of 8.-9.10.2021. Find all the details in the [registration form](#).
